This Tableau Dashboard provides a basic way to compare NFL players for a Fantasy Football draft. The data only includes stats from the 2019-2020 season and the 2020-2021 season. The “Fantasy Points” is calculated by the point system in the “FANTASY FOOTBALL SCORING” file.

Listed are some improvements that I would like to make in the future.

Improvements:

- Comparing players across positions more accurately
 - Calculating the “Value Over Replacement”
(<https://fantasyfootballanalytics.net/2013/04/win-your-snake-draft-calculating-value.html>)
- Adjusting for the draft order
- Adding in information on player’s bye weeks
- Adding more current information on players (for example: injuries, past teams, adjusting for teams that they are on
